DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: in the claims, cancel claims 11-15.

Response to Amendment

2. Applicant has amended claims 1 and 16 to overcome the previous rejection. Therefore, the rejection of claims 1-6, 8-10, 16 and 18-22 has been withdrawn.

Allowable Subject Matter

3. Claims 1-6, 8-10, 16 and 18-22 are allowed. This application is in condition for allowance except for the presence of claims 11-15 directed to an invention non-elected without traverse. Accordingly, claims 11-15 have been cancelled per the Examiner's Amendment set forth above.

4. The following is an examiner's statement of reasons for allowance: a search of the prior art failed to disclose or reasonably suggest a method for manufacturing an interconnect and a method for manufacturing integrated circuit, comprising forming a surface conductive lead in an opening formed within a protective overcoat and over a barrier layer, a portion of the barrier layer extending beyond the surface conductive lead; providing a seed layer directly contacting the barrier layer and at least partially

within the opening of the protective overcoat; subjecting the seed layer to a wet etch, wherein the wet etch is without substantially undercutting the etched seed layer or surface conductive lead and without substantially affecting the barrier layer; subjecting the portion of the barrier layer to a dry etch, subsequent to subjecting the seed layer to a wet etch, to remove the portion and form a skirt, the dry etch selective to the barrier layer without substantially undercutting the etched seed layer or surface conductive lead, without width reduction of the surface conductive lead, and without oxide formation on side walls of the surface conductive lead, as recited by independent claims 1 and 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
